

## Ethics Center Lecture

# *Humane Prison Hospice* Film and Discussion

**November 30, 6:00-8:00 pm**  
**Peters Ed Center Auditorium**  
**Student Rec Center (Shaw and Woodrow)**

Join us for a screening of the film “Prison Terminal,” and for a panel discussion of the challenges of our aging prison population. How should society respond to the needs of people who live out their last days and die in prison? What is the role of compassion, and justice? And what does this tell us about mass incarceration and the role of prisons in our political economy?
