A documentary on the journey of Kasturba Gandhi. This new documentary will reveal details about Gandhi unknown to the public before now and introduce the world to his wife and equal partner of 62 years. This is the first feature film ever made about Kasturba Gandhi, whom Gandhi called his "guru" and "teacher of Nonviolence." History missed this story... and it is about time her story is told! This film documents her unique and fascinating story through Gandhi experts, Gandhi relatives and all of the existing archival photos and photographs of her and Gandhi.
