Let's get this [re-]started by discussing a *weirdly fun* puzzle in metaphysics!

What are Shadows?

Wednesday, November 13th, 1:00pm
in the Phil Zone (Music 104)

"The Nature of Shadows, from Yale to Bilkent" by I. Aranyosi,
"In Praise of Sorensen's 'Blockage Theory' on Shadows" by A. Gava
with commentary by Dr. Raja

If you want to look at the **2 very short readings** & a visual aid that sums them up on 1 page, get them by scanning the purple QR code.

[Such preparation is **not required**, but always appreciated.]

Bring a friend!!

Note: Philosophy is vast. We'd **LOVE** to learn what **YOU** are interested in discussing in the future. Feel free to bring suggestions!
